

ACCESSORIES

CUTTING & MARKING ACCESSORIES

SC-02

SERRATED EDGE STAINLESS STEEL SCISSORS. 5" high quality scissors are ideal for consumer and industrial applications. The material being cut is held in place by one blade which is slightly serrated providing maximum control.

SC-01

MUSCLE SHEAR. Bent design, stainless steel blades for firm grip and cut. Big comfortable plastic handles. Cuts thermoplastic and other tough materials.

DC-MARKER

FINE LINE DECOCOLOR OPAQUE PAINT MARKER available in red, blue and green.

MM-KN1

OLFA KNIFE. This popular, heavy-duty cutter features a contoured ABS handle and a ratchet wheel blade-lock.

MM-KN1-XB

SOLID OLFA BLADE. Heavy-duty solid blade for thick materials. High-quality Japanese grade carbon tool steel, designed for unparalleled sharpness and superior edge retention. Long lasting/durable.
